

AFFIDAVIT OF VICKI AZNARAN

I, Vicki Aznaran, being duly sworn, depose and state as follows:

- 1. I have been a member in the Church of Scientology for over 14 years and have been on staff and in executive positions for many of those years.
- 2. I have thoroughly read each paragraph of the "F.A.I.R." complaint (Case No. CA001012). I have personal knowledge that each and every allegation of wrongdoing by the organizations and individuals listed as defendants is totally fabricated. All allegations of money laundering, embezzlement, illegal covert operations, pc folder culling, lack of corporate integrity, fraudulent misrepresentations, and illegal conduct are nothing but fiction. These things have just not occured within the Church during the years of which I have personal knowledge of its overall operations, i.e. 1981 to present time.
